Three Billboards Outside Ebbing, Missouri

Beskrivelse

Mildred Hayes har mistet sin datter, der blev fundet voldtaget og dræbt på en mark. Efter flere måneders forgæves efterforskning har sagen ikke længere førsteprioritet på den lokale politistation og Mildred beslutter derfor at tage sagen i egen hånd og købe tre store reklamer, der udstiller politichefens inkompetence.

Pædagogisk note

De pædagogiske vejledninger herunder indeholder et kapitelsæt, der fokuserer på plot-analyse samt personkarakteristik. Desuden er der forslag til et kortere autonomt forløb (5-6 lektioner afhængig af lektionslængde): Filmen har utallige temaer, som eleverne kan arbejde med, og ved at arbejde med filmen uden at knytte den til et allerede læst tema, stilles der krav til elevernes analytiske opmærksomhed, da de selv skal finde et relevant tema at arbejde med. I forløbet træner eleverne desuden materialestårsning, at holde oplæg, samt at facilitere gruppearbejde for deres klassekammerater. Der er også et arbejdspapir til filmanalyse (filmiske virkemidler) samt generelle ideer til engelskundervisningen.
